

UNITED STATES PATENT AND TRADEMARK OFFICE  
Certificate

Patent No. 4,831,031

Patented: May 16, 1989

On petition requesting issuance of a certificate for correction of inventorship pursuant to 35 U.S.C. 256, it has been found that the above identified patent, through error and without any deceptive intent, improperly sets forth the inventorship.

Accordingly, it is hereby certified that the correct inventorship of this patent is: John A. Lowe, III, Stonington, CT (US); Arthur A. Nagel, Gales Ferry, CT (US); and Harry R. Howard, Jr., Bristol, CT (US).

Signed and Sealed this Sixth Day of April 2010.
